CAPACITY: In order to properly sign off on your estate planning documents you must have the requisite legal mental capacity at the time you sign. If the lawyer believes that there is any question of your capacity and ability to sign legal documents then the lawyer is obligated to not execute documents with you. If you have been suffering from any dementia or illness that may impact your mental capacity please consult with your physician in advance of an appointment and if appropriate obtain a note from your physician that they are confident that you have the mental capacity to review and execute legal estate planning documents. Bring this note with you to your appointment so a copy can be kept on file. If a person has lost capacity to sign then an application to the court for a Guardianship / Trusteeship Order may be required.
